A POTE ON THE TARTET. Final Action W || Probably be taken Next

Saturday.

WASHINGTON. June 28.—Senutors say rather comberrity to-day that a version be reached on the tariff bill Saturday. They say that nothing would be gained by hiving the final vote taken before that day, as the bill cannot be sent to the House before Wednesday. Prominent Republican Senators say that there is a general understanding though not definite, that the bill will reach a final vote Saturday, but the Democrats have entered into no agreement, nor do they feel under any testifictions by any implied understanding. Occasion, they say, may arise which will induce them to debate some paragraphs longer than they now anticipate.

The prospects are there will be no other legislation of importance at this second of Congress except the tariff bill.
